

Safety Update

Ohio BWC Library

Ohio Safety Congress & Expo 2018 (OSC18) registration opens Jan. 3

Don't sit on the sideline! Do what more than 7,300 attendees did last year. Come to the Ohio Safety Congress & Expo March 7 to 9 at the Greater Columbus Convention Center. Attend OSC18 to:

- Refresh your workplace safety game plan;
- Help slash your workers' comp costs;
- Earn free continuing education credits;
- Scout out the latest safety gear and services.

Admission is FREE! Visit www.ohiosafetycongress.com for details.

NIOSH/CDC News

NIOSH Blog Posts on Musculoskeletal Health Research

The National Institute of Occupational Safety and Health (NIOSH) Musculoskeletal Health Cross-Sector program published three blogs in a series to highlight musculoskeletal health research at NIOSH. The first blog post highlighted the history of [Ergonomics Research at NIOSH](#). The second post discussed research on [Temporary Retail Workers](#). The final post covered research on [Couriers, Messengers and Baggage Handlers](#).

Working in the Cold

If you work outdoors in these winter months, NIOSH has information for you on how to protect yourself from cold stress. The NIOSH [Cold Stress](#) webpage has information on cold-related illnesses and cold-water immersion. The site also features fact sheets and a podcast.

Motor Vehicle Crash Facts Webpage

NIOSH has a [motor vehicle crash webpage](#) with information on work-related crashes, links to the NIOSH motor vehicle safety Twitter feed, with tips and statistics. It also has a link to an infographic related to the numbers and costs of crashes.

Emergency Medical Services Workers Fact Sheet

A new [fact sheet](#) highlights results from a four-year study capturing data from emergency medical services workers treated in emergency departments. It provides recommendations for prevention.

OSHA News

OSHA Training Requirements

Do you know what training the Occupational Safety and Health Administration (OSHA) requires you to provide to your employees? The OSHA Standards [brochure](#) contains all the mandatory health and safety training requirements.

Respirable Silica Fact Sheets

OSHA has released fact sheets with guidance on the respirable crystalline silica standard for construction. The [fact sheets](#) provide employers with information on how to fully and properly implement controls, work practices, and if needed, respiratory protection for each of the 18 tasks listed in [Table 1 – Specified Exposure Control Methods When Working With Materials Containing Crystalline Silica](#).

Other News

Updated NFPA Electrical Safety Standard

The 2018 update to the National Fire Protection Association (NFPA) 70E, the standard for electrical safety, is available on the association's website. Did you know you can read this and all the other NFPA standards for free at the NFPA website? Just create a login at this [webpage](#) to read all NFPA standards on your computer.

MMWR Opioid Reports

The Centers for Disease Control (CDC) have a webpage reporting on opioid issues in the U.S. [Opioid Reports](#) is a 17-year online compilation of Morbidity and Mortality Weekly Reports (MMWR) that provides information on a variety of opioid-related topics, such as trends, prevalence, incidence and prescribing practices

MMWR Podcasts
