Order of George

Civic Achievement Award

Civic Organization/Campaign/Activity ABCD Organization of Piqua

Approximate Years Participated 1982 to present

Position(s) Held President of Board of Directors and many others

Major Accomplishments: *List activities in order of importance...those impacting the organization the most.*
John Doe led the Program for seven years performing virtually every function.

1. As President he assessed a need and created the Help a Neighbor Project and led the committee as they developed the criteria and guidelines. This program was adopted by the State organization bringing recognition to this area. 78 families were assisted by the third year of this venture. It continues to grow by 10% each year.
2. In 1998 he was Treasurer of the Capital Campaign raising needed funds to build the storage shed which houses the equipment needed for the Organization of Piqua's "It's a Great Project". Nearly 2000 sq. ft. storage was built in the rear of the property. John raised the \$25,000 needed and organized all of the volunteer labor. This saves the organization \$10,000 in storage rental fees per year.
3. Membership Doubled in size while he chaired that committee and volunteer recruitment increased by 50 new volunteers in 2 years. Nearly 13,000 volunteer hours are now given to this organization annually.
4. He has served on the board, numerous committees and also provided leadership on the National level.

Civic Organization/Campaign/Activity Keeping Good Health Center

Approximate Years Participated 1960's

Position(s) Held Board of Directors, Scholarship Chair Volunteer, Constitution Revision Chair

Major Accomplishments: *List activities in order of importance...those impacting the organization the most.*

1. John's major activity with this Center has been with the development of the Scholarship Fund. This program touches the lives of 80 at risk children per year. Funds are distributed to children in need of needed fees for whatever it is we are supporting. All aspects of this project have been developed by his committee and administered by John personally. This organization does not have paid staff. Nearly 10 hours is spent with each child after the selection is made. Those visits are coordinated by John as he assigns other committee members. John meets with nearly 50% of them himself.
2. The much-needed Constitutional revision was chaired by John. He led the group, consulted with local attorneys and the state and national organization and presented this document to the Board. This work puts the organization in good standing nationally. In fact, this document is being used as a model for other centers.
