Does Your Company Have a Human Resource Manager/Director? If So, They NEED to Know About Our HR Council!!!

As a past HR Director I would have done anything in my power to have been advised about the HR Council opportunity available through my employer's Chamber membership. The Council meets on the third Thursday of each month from 11:30am – 1:00pm in the Chamber Boardroom.

Why does your Human Resource Manager/Director need to know about this program? Because their peers are sharing information, best practices, seeking advice from others who have experienced the same issues within their company and furthering their knowledge when they find a need to have a pertinent issue or topic presented by an expert. The members of the HR Council guide the entire meeting and they have the final decision when it comes to presentations. The exchange of ideas concerning employee relations, personnel issues and handbooks information is priceless for this group of professionals. The meeting allows for the members to speak candidly and openly share concerns and information.

An added benefit to the HR Council is the partnership between the Miami County Chambers (Covington, Tipp City, Troy) as well as the Sidney-Shelby County Chambers of Commerce in presenting the annual Wage, Salary and Benefit Survey. The cooperative effort of the neighboring chambers not only promotes a closer relationship among the different chambers, but most importantly, offers the advantage of sharing our resources to provide better information to our members.

Please contact the Piqua Area Chamber of Commerce for more information about joining the HR Council. Your HR representative will thank you for the added benefit of being engaged with peers in furthering their professional resources.

The Miami County Safety Council gathered for their annual roundtable discussion at “A Learning Place” for their December 12 meeting. This year’s roundtable discussions focused on: stress relief in the workplace, effective training and education, and positive safety culture.

The members took time to share their ideas, current practices, and held some great conversations covering the three topics. The collaborated responses are posted on our website, under the Safety Council tab. The Safety Council also sponsored three families through the Piqua Salvation Army for the holidays.

The Safety Council offers many great topics, speakers, networking opportunities and sometimes rebates. They meet on the 2nd Thursday every month. Memberships applications and additional information can be found on the Piqua Area Chamber of Commerce website. This month’s meeting will be Thursday, Jan. 9, 12:00 noon - 1:30pm with guest speaker Marianna Patton, Customized Training Coordinator, Upper Valley Career Center Adult Division on the topic “Cold Weather Cautions”. Members can RSVP at:
